

### ***Meet Bianca***

Benica Harrison is a dedicated and credentialed speech-language pathologist committed to supporting individuals with diverse communication needs. She earned her Master of Science in Communication Disorders from Georgia State University, completing her graduate studies from Fall 2013 to Fall 2015. During her time at Georgia State, she was honored as a Georgia State University Foundation Scholarship Recipient, recognizing her academic excellence and commitment to the field.

Before pursuing graduate studies, she completed her undergraduate education at Georgia State University from Fall 2010 to Spring 2013, where she earned a minor in Psychology and was awarded the prestigious Presidential Scholarship. Her academic journey also included completing an Honors Thesis in Augmentative and Alternative Communication (AAC), reflecting her early interest in innovative communication supports.

She has maintained her ASHA Certificate of Clinical Competence (CCC-SLP) since January 2017, demonstrating her commitment to the highest professional standards in speech-language pathology. In addition, she has held her Georgia License in Speech Pathology since February 2017, allowing her to serve clients across the state with expertise and compassion.

With a strong academic foundation and nearly a decade of professional credentialing, Bianca continues to advance her practice through evidence-based approaches and a deep dedication to improving communication outcomes for individuals of all ages.
